The Power of Partnership Combining Innovation & Experience

We are the *exclusive* food distributor for Exportadora de Sal (ESSA), the world's largest open salt works and serves 26% of the international salt market. ESSA has been harvesting salt from Laguna Ojo de Liebre for over 60 years. We have no limits on supply, with close proximity for quick delivery.

We Capture the Pure Taste of Nature

Sourcing from a Unesco World Heritage site and wildlife refuge, we utilize only the natural powers of the sun, sea, and wind to develop great tasting, full and less sodium sea salts. Our environmentally friendly, patented process takes 2 1/2 years to produce single-crystal, less sodium sea salts that offer big flavor and unmatched purity.
